IDW Goes Martian In

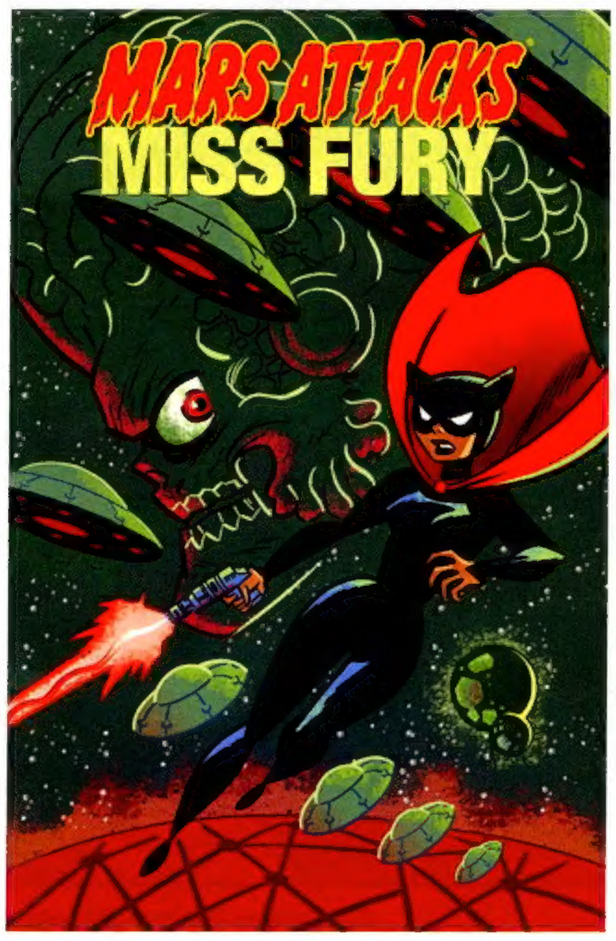
Comics readers frequently play the "oddball crossover" game: come up with an idea that sounds impossible at first, but is nevertheless intriguing in its juxtaposition of characters and concepts. ("Archie and Armstrong," anyone?)

While most fans play the game as an idle mental exercise, however, the folks at IDW take it far more seriously, as they're about to demonstrate in January when ***Mars Attacks*** a quintet of IDW titles, including ***Popeye, Transformers, Ghostbusters, KISS,*** and ***Zombies Vs. Robots.***

Yep, you read that right.

"Beginning in the first week of January, Topps' terrifying Martian conquerors are infiltrating many of IDW's prized titles in five weekly one-shots," IDW's *Dirk Wood* said. "It's going to take guts, smarts, and the brute force of an unprecedented army of talented comics creators to fight them off!"

"It seems natural for the Mars Attacks Martians to go on the offensive—attacking is right there in their title—and now we see that they're just too out of control to keep their war-like ways confined to their own series," *Chris Ryall,* IDW's Chief Creative Officer/Editor-in-Chief and strategic planner of this five-pronged invasion, said. "And as exciting as the weekly attack is going to be, I'm equally enthused about the insane cover variations going on with each issue. Readers will be amazed by the talent assembled to offer visual clues of what



we'd be in for had the Martians attacked more than just five top IDW titles."

The Martian invasion kicks off on January 2nd when the Martians target Sweethaven in ***Mars Attacks Popeye.*** *Martin Powell, Terry Beatty, & Tom Ziuko* pit big-headed Martians against the world's best-known big-armed squint-eyed spinach-enhanced sailor man.

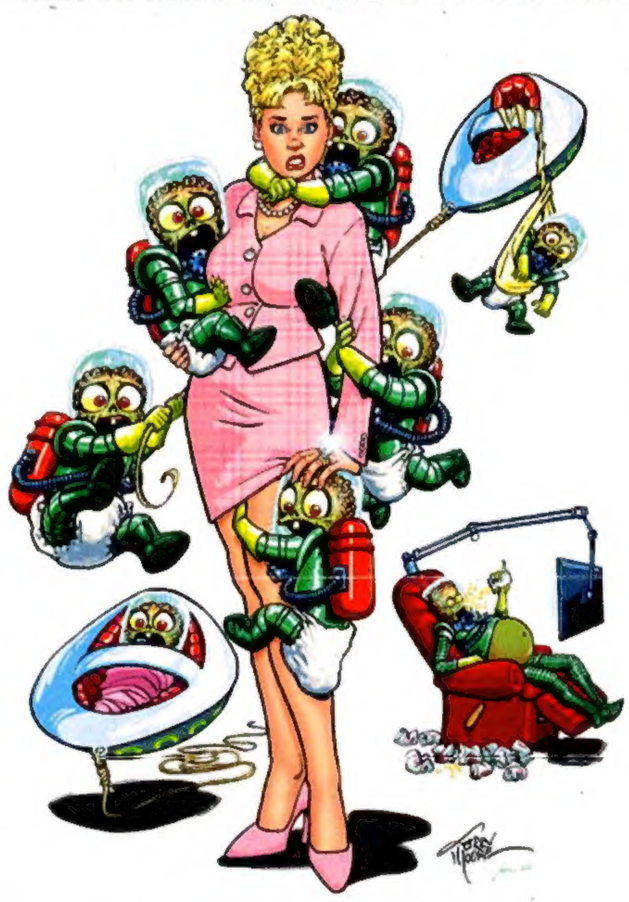
A week later, the Martians invasion expands in both space *and* time as the infiltration site is 1970s New York City, where ***Mars Attacks KISS,*** in which *Chris Ryall, Alan Robinson, & Tom Ziuko* present a twisted retelling of the very first KISS comic book. Four teens are handed the power to become godlike figures... unless some attacking Martians find a way to steal that power for themselves!

On January 16th, the Martians come face-to-face with defenders who are accustomed to facing horrifying adversaries as ***Mars Attacks the Real Ghostbusters.*** When the Martians invade, *Erik Burnham & José Holder* know just who they're gonna call! Everyone knows Venkman, Stantz, Spengler, and Zeddemore ain't afraid of no ghosts... but what about aliens? When the restless spirits of some merciless Martians are stirred from their slumber to attack again, it's up to the Real Ghostbusters to save New Jersey from the angry red threat

From ghosts to massive machines: on January 23rd, the Martian armada takes on Cybertron's finest when ***Mars Attacks the Transformers,*** courtesy of *Shane McCarthy & Matt Frank.* As the invaders from Mars take advantage of the colossal Cybertronian's conflict to begin their assault on Earth in full force. the audacious Autobots and the devilish Decepticons must begrudgingly join forces to repel the inhuman invaders and save the planet!

January 30th sees the final wave of the Martian assault when ***Mars Attacks Zombies Vs. Robots.*** *Chris Ryall, Andy Kuhn, & John Rauch* do the honors for this tale that finds the Martians hopping into the world of dead-vs-machine conflict. It turns out that only thing worse than Earth having an inter-dimensional stargate that led to the Zombies vs. Robots catastrophe are Martians using one of their own to lead a sneak attack on Earth. But what will happen when zombies get a scent of those big, exposed Martian brains...?

MARS ATTACKS STRANGERS IN PARADISE



Artist *Ray Dillon* is doing the honors for all five oneshot covers, producing paintings that seem to fit in perfectly with the style and tone of the classic 1960s ***Mars Attacks*** trading cards that are the original inspiration for IDW's comic book series of the same name. In addition, they've enlisted other top talents to produce offbeat covers depicting even more oddball crossovers. For instance, ***Mars Attacks Popeye*** will feature incentive covers depicting ***Mars Attacks Miss Fury*** by *J. Bone* and ***Mars Attacks Opus*** by *Berkeley Breathed;* ***Mars Attacks Kiss*** will feature incentive covers depicting ***Mars Attacks Judge Dredd*** by *Greg Staples* and ***Mars Attacks the Starslammers*** by *Walter Simonson;* ***Mars Attacks the Real Ghostbusters*** will feature variant covers depicting ***Mars Attacks Madman*** by *Michael & Laura Allred* and ***Mars Attacks Chew*** by *Rob Guillory;* ***Mars Attacks the Transformers*** will feature incentive covers depicting ***Mars Attacks Strangers in Paradise*** by *Terry Moore* and ***Mars Attacks Spike*** by *Franco Urru* (yes, *Joss Whedon's* infamous vampire makes a cover-image return to IDW!); and ***Mars Attacks Zombies Vs. Robots*** will feature incentive covers depicting ***Mars Attacks Rog-2000*** by *John Byrne* and ***Mars Attacks Cerebus*** by *Dave Sim.* Standard-cover editions of all five books are priced at $3.99 each; check with the folks at your friendly neighborhood comic shop for the prices and availability on these limited incentive covers.

(This is the third offbeat crossover event from IDW; the concept launched in early 2011 with ***Infestation,*** which brought heroes from ***Star Trek, Transformers, Ghostbusters, & GI Joe*** face to face with the walking dead. That was followed in 2012 by ***Infestation 2,*** which forced heroes from ***Transformers, Dungeons & Dragons, GI Joe, Teenage Mutant Ninja Turtles,*** and ***Weekly World News*** to confront Lovecraftean horrors. Both of these series are currently available in collected editions.)
